Note: The program results are measured for all program participants, not just completers. The employment and earnings results are based on employment reported to state employment agencies. They do not include self-employment, employment outside the Northwest, or military service, and thus understate total employment by approximately 10 percent.

- Participant count reflects all 9th - 12th grade students who completed a CTE course between Sept. 1, 2013 and Aug. 31, 2014.
- Annual State Funds served all CTE students grades 9-12.
- Annual Federal Funds served all CTE students from grades 7-12 and those at Skills Centers.
- Represents operating budget to run Apprenticeship for a year. Apprenticeship programs are supported by employer/employee contributions and funds from community and technical colleges.

- The major public investment is financial aid for students, which is outside the scope of this report.
- Programs are unique among workforce programs in providing customized training for employees of specific firms. Their performance results are not well measured by the state core measures and are not reported here.
