OPIC	SUMMARY	ACTION
Welcome and Introductions	Bryan Wilson, Deputy Director, Workforce Training and Education Coordinating Board welcomed the team and presented the October meeting summary.	
Lightning Round	<p>Daniel Malarkey, Deputy Director, Dept. of Commerce announced that the State Energy Strategy was release last week. He commented that it's good framework to meet our long term goals.</p> <p>Sally Zieger-Hansen briefed the team on the "Green Economy" paper that Alan Hardcastle has been working on. He received good input from both Bryan Wilson and Daniel Malarkey. Will email a draft out to the team this Friday.</p>	http://www.commerce.wa.gov/DesktopModules/CTEDPublications/CTEDPublicationsView.aspx?tabID=0&ItemID=10206&MIId=863&wversion=Staging
The State Energy Sector Training Grant	Beth Meyer updated the team on The State Energy Sector Training Grant. The three year grant is about two-thirds complete and under-target, it has had pockets of success. It has a unique partner structure that has added to the challenges. She asked the team for guidance and feedback. Daniel Malarkey asked about whether there was a plan in place and what final numbers might be. Terry Tilton offered to relay Beth's data needs to the Board of Build It Smart. Daniel also suggested scheduling meetings with project manager's bi-monthly basis to get back on track.
