

**WASHINGTON STATE
WORKFORCE TRAINING AND EDUCATION COORDINATING BOARD
MEETING NO. 191
SEPTEMBER 17, 2015**

WORKFORCE PLAN TABLE OF CONTENTS, TIMELINE, FORUMS

The Workforce Board has been charged with developing the state's workforce plan with system stakeholders. The Board has determined the strategic priorities of the plan and an outline of platform chapters on Washington's economic and demographic trends.

The next steps involve community-level stakeholders from across the state to affirm that the strategic priorities are on target, help flesh out details for these priorities, and determine if there are additional priorities the Board should consider.

Staff will provide an overview of the next stages of this planning process.

Recommended Action: For discussion only.
