

**WASHINGTON STATE
WORKFORCE TRAINING AND EDUCATION COORDINATING BOARD
MEETING NO. 121
AUGUST 2, 2007**

PROGRESS REPORT ON WORKSOURCE SYSTEM PERFORMANCE INDICATORS

At the June meeting, the Board requested they be provided an update in August on progress in developing WorkSource real-time performance indicators. The Board recommended interim approval of the twelve local WIA operation plans with the expectation that information on the performance indicators (and entrepreneurship) would be available in the local plans by the end of September.

On August 2, staff from the Employment Security Department, the Washington Workforce Association, and the Board will provide an update regarding the WorkSource system performance indicators.

Board Action Required: None. For discussion purposes only.
