

## **Webinar Resources for ARRA Health Care Grant Recipients**

These webinars were developed by the U.S. Department of Labor to provide information to American Recovery Act Health Care and High Growth and Emerging Industries (HGEI) grantees with technical assistance to help implement grant projects and meet federal reporting requirements.

\*Please note that sometimes communication from the U.S. Department of Labor refers to “Green Jobs.” Many of the Green Jobs tools also refer to the Health Care and HGEI grants.

The following webinars are available on:
